## ***Hold for FIRST Competition Event***

### **11.5.5 Cost Paid by FIRST**

FIRST will pay for the drayage cost of *ONE* crate only. Refer to *Crate Information, Crate Size and Weight Specifications* section.

### **11.5.6 Cost Paid by Teams**

If the measurement or weight of crate exceeds the specifications, or if the team ships more than one crate, the team will pay for all additional drayage charges incurred. *Teams must pay for any additional drayage charges by the end of the competition on Saturday.*

## **11.6 Crate Information -**

It is important that teams follow the rules for crating and shipment of their robot. Please read and follow the requirements that help keep drayage and shipping manageable. The drayage company determines if a crate meets the required regulation size and passes the information to FIRST. *If a crate exceeds these specifications, FIRST will not guarantee security or delivery of the crate(s).*

### **11.6.1 Crate Size and Weight Specifications**

- All crates must have a footprint *no greater* than 4' by 4' and be *no higher* than 6' high.
- All crates must weigh 400 pounds or less
- All crates must be sturdily built
- *All crates must "sit" on 2 pieces of 4" by 4" lumber, spaced at least 28" apart.* This requirement will facilitate moving the crates with a pallet lift.

### **11.6.2 Allowed Number of Crates**

In order to keep Pit egresses clear and safe and provide each team with its fair share of designated space, FIRST recommends that each team bring only one crate. *No more than two crates per team are permitted at any competition site. The extra crate must also meet the specifications stated above.*

### **11.6.3 Crate Identification**

Clearly mark all four (4) sides of your crate(s). Display the following:

• TEAM NUMBER	Place within the top 12 inches of crate. <b>Use six (6) inch numbers.</b>
• OFFICIAL TEAM NAME (Sponsor / School)	Place Under team number Use (2-3) inch letters.
• SITE LOCATION.	Place Under Team Name Use (2-3) inch letters.
Read the drayage company specifics to see if there are additional requirements or specific label style	

**NOTE:** The address or the name of the team or team member is not enough information for identification.

### **11.6.4 Crate Contents**

The following items are required to be included in the robot crate:

- 1 Robot
- 1 Control system (Complete)

- 2 Batteries: Unplug and pack separately from the robot. FIRST recommends using a small box packed inside your crate.

## **11.7 Shipping Your Robot & Equipment**

Please be aware that there are shipping requirements and deadlines. There are specified times and dates that your robot must leave your hands and arrive at the drayage site. We try to make this process as easy as possible. Please pay attention to deadline and compliance issues.

On the Saturday of each competition, a drayage company and shipping vendor will be available on site to assist teams with shipping needs.

### **11.7.1 Shipping Charges**

Teams are responsible for paying for all shipping charges. They must be paid “in full” at the time of shipment as COD shipments will not be accepted.

### **11.7.2 Yellow Freight**

FIRST has negotiated a 53% discount on shipping rates for all Robotics Competition teams. This discount should save teams substantial money on shipping charges during the season. Use of Yellow Freight is optional. If your team chooses Yellow Freight, the following will occur:

- Yellow Freight will provide FIRST with a master account number. All teams must reference this number when making arrangements for shipping their crate. This will allow FIRST and each team to track shipments from the ship point to the drayage company.
- Yellow Freight will provide FIRST with proof of shipment and “out-of-hands verification.
- Each team will be able to call the Yellow Freight Customer Service Center 24 hours a day at (800) 610-6500 or use their web site [www.YellowFreight.com](http://www.YellowFreight.com) to make arrangements and track their shipment.

### **11.7.3 “Robot out-of-hands” Rule / Verification**

- Obtain receipt from your Shipper  
**or** If you drive your robot to the drayage site, obtain receipt from the drayage company
- Make sure your receipt clearly shows the date and “out of hands” time
