5.3 THE AUTODESK DESIGN COMPETITION

5.3.1 AUTODESK INVENTOR AWARD (Championship Only)

5.3.1.1 Purpose of Award:

This award honors excellence in student mechanical design, coordination, and presentation.

5.3.1.2 Award Overview

Autodesk wants to honor those young inventors and engineers that make the *FIRST* Robotics Competition possible! Once again we are excited to offer the Autodesk Inventor Award. With Autodesk Inventor we have provided the tool that allows you to design without limits. Now we want to see what you do with this tool. We know that before your team can start building your robot you need to design it. We want to see the exciting journey of how your designs evolved into a real-life robot! Autodesk Inventor allows you to quickly and easily design and modify your robot using the same iterative techniques employed by professional engineers.

From concept through completion, the Autodesk Inventor Award was created to help experience your ideas before they're real.

Additional information about this award, along with the specific award criteria, judging process and deadlines will be posted on the Autodesk website:

www.autodesk.com/firstbase

5.3.2 THE AUTODESK VISUALIZATION AWARD

5.3.2.1 Purpose of Award

This award honors excellence in student animation.

5.3.2.2 Award Overview

All *FIRST* Robotics Competition teams are invited to create a submission for the Autodesk Visualization Award (AVA) using Autodesk 3ds Max® software. Additional information about this award, along with the specific award criteria, judging process and deadlines will be posted on the Autodesk website: www.autodesk.com/firstbase

At the regional level the Autodesk Visualization Award will be peer judged at each event by one student animator from each team competing for the AVA at that event. At the Championship level the AVA submissions will be professionally judged and then five finalists will be advanced for final peer voting.

Note: *FIRST* will continue to showcase Autodesk Visualization animations at each regional event. We are committed to honoring the student teams who undertake this challenge by showing the animations created by each team participating at the Regional event. Autodesk will continue to support this effort by providing a compilation DVD for each Regional event.

5.4 CHAIRMAN'S AWARD

The *FIRST* Robotics Competition is about much more than the mechanics of building a robot or winning a competitive event. It is about the partnership among people who are part of the *FIRST* community and the impact on those who participate in *FIRST* programs with a united goal of achieving *FIRST*'s mission. *FIRST*'s mission is to change the way young people regard science and technology and to inspiring an appreciation for the real-life rewards and career opportunities in these fields.

The concept of the Chairman's Award includes Regional Chairman's Awards, which enable *FIRST* to recognize more teams for their exemplary efforts in spreading the *FIRST* message, as well as their talents in organizing materials for their presentations.

The winning entries of the Regional Chairman's Awards will travel to the Championship for the continuing process of consideration for the most prestigious 2008 Chairman's Award.

5.4.1 Overview

The Chairman's Award was created to keep the central focus of the *FIRST* Robotics Competition as our ultimate goal for transforming the culture in ways that will inspire greater levels of respect and honor for science and technology, as well as encourage more of today's youth to become scientists, engineers, and technologists

The Chairman's Award represents the spirit of *FIRST*. It honors the team that, in the judges' estimation, best represents a model for other teams to emulate, and which embodies the goals and purpose of *FIRST*. It remains *FIRST*'s most prestigious award.

FIRST will present a Regional Chairman's Award at each regional competition. There are forty-one (41) regional competitions scheduled for the 2008 season, therefore, there will be forty-one Regional Chairman's Award winners. Only the winners of the Regional Chairman's Award will be eligible to compete for the Chairman's Award presented at the *FIRST* Championship.

Hall of Fame members, a/k/a teams that have already won the Chairman's Award are ineligible to compete for the Regional Chairman's Award. However, as *FIRST* believes that the process of submitting for the Chairman's Award is a very valuable exercise in itself, *FIRST* encourages Hall of Fame members to complete a submission which will be used by Hall of Fame judges to verify that each Hall of Fame team is maintaining its Hall of Fame status. Accordingly, all submissions by Hall of Fame teams will be electronically routed to a folder judging as part of the Hall of Fame.

5.4.2 First-Year (Rookie) and NASA Grant Teams:

Because the Chairman's Award recognizes sustained excellence and impact, not just a one-year team effort, it is not possible for a first-year (rookie) team to receive this honor. However, *FIRST* invites and encourage rookies to develop a Chairman's Award submission which may be evaluated by the judges determining the winner of the **Rookie All-Star Award**. This submission will document where your team started its *FIRST* journey and will also provide background for documenting the results of your team's efforts – it will be a great way to start your team's efforts to win the Chairman's Award.

Rookie Teams: If you prepare a Regional Chairman's Award, print a copy to give the Judges when they visit you at your Pit Station, judges will not be viewing them online.

Teams receiving **NASA Grants** must provide a copy of this submission as part of the grant.

All teams are encouraged to print a copy of their final submission for their records and to confirm for themselves that the submission was accepted.

5.4.3 Submission Information

The criteria for the 2008 Chairman's Award are essentially identical to those in the past, with special emphasis on recent accomplishments in both the 2007/2008-year and the preceding two years. The judges focus on teams' activities over a sustained period, as distinguished from just the six-week design-and-build time frame.

The *FIRST* Robotics Competition is not about machines; it is about the experience of people working together toward a shared goal. Documenting and preserving your team's *FIRST* experience becomes an important component of the over-all *FIRST* experience.

As in the past, teams may only submit at one Regional competition for judging. Teams submitting for both the Chairman's Award and the Woodie Flowers Award should note that both awards are judged at the same event. Students working on the Woodie Flowers Award submission and those team members working on the Chairman's Award submission should coordinate to select the best event for the team.

5.4.3.1 Submission Content

The Chairman's Award is presented to the team judged to have created the best partnership effort among team participants and which best exemplified the true meaning of *FIRST* through measurable impact on its participants, school, and community at large. There is no single "best way" for a team to win the Chairman's Award. Many factors come into play. The primary factors the judges will evaluate are:

- 1) How strongly does the submission document the impact *FIRST* has on the learning experience of the students, school curriculum, engineers, and/or community during the 2007/2008 team year as well as in prior years?
- 2) Has the team explained/demonstrated why/how it should be a role model for other *FIRST* teams to emulate?
- 3) How well has the team communicated its excitement and impact within the entire school, community, and beyond (state/nation) through participation in *FIRST* during the 2007/2008 team year as well as in prior years?

- 4) Has the team documented an innovative way to spread the *FIRST* message?
- 5) How strong of a year-round team partnership effort is reflected during the 2007/2008-team year as well as in prior years? (You can define partnership in many ways, including: the partnership among the team's students/corporate sponsor/engineers; school/university sponsor/engineers; students/adults; community/team)
- 6) As a whole, does the content of the documentation exemplify the true meaning of *FIRST*?

Your Chairman's Award submission should include documentation for all the above factors.

5.4.3.2 Submission Format

Regional Chairman's Award submissions will be submitted on line. The submission, excluding the Executive Summary, will be limited to 10,000 characters, including spaces and punctuation, and may include up to four (4) photographs totaling no more than 1.0Mb of memory.

Submission Process

The URL for the Chairman's Award Submission is www.firstawards.org/Follow the directions shown on the site to submit your team's entry. Teams may only submit at one regional event at which the team will compete. This site will be available beginning January 16, 2008 at noon EST.

5.4.3.3 Submission Deadline

Chairman's Award submissions are **due no later than Thursday, February 21, 2008. 11:59 p.m. EST.**

5.4.4 Judging Process

5.4.4.1 The Regional Award Process:

By 10 a.m. on Friday mornings of each Regional Competition a list of interview times (which will either be pre-assigned by the judges or available for self selection by the teams, at the option of the judges) for the submitting teams will be available at the Pit Administration station. Interviews will take place during the day on Friday. A panel of judges will review the Chairman's Award entries at each Regional and will conduct on-site Chairman's Award interviews with those teams who have entered a submission for that regional event. Judges will select one winner for the Regional Chairman's Award at each regional competition.

Interviews are limited to ten (10) minutes with not more than three (3) team members (student or adult mentors). The team selects these representatives. During the first five (5) minutes of the interview, the team members give a presentation to the judges, and the judges will use the second five (5) minutes for their questions and answers.

NOTE 1: If the presentation requires special equipment, the team is responsible for bringing it to the interview, and the time required to set up the equipment will count as part of the team's allotted 5 minutes.

NOTE 2: Teams are encouraged to bring copies of documentation, supporting their submission, to leave with the judges. This documentation may include, but is not limited to:

- Letters of reference

- Newspaper and magazine articles
- Program Books

As part of the Chairman's Award judging process, *FIRST* judges will also review the Executive Summary page *AND* the yearbook page for each of the submitting teams. Your team's submission will be a key factor in the selection process, along with the judges' own observations of the team at the competitions.

5.30 WOODIE FLOWERS AWARD

The Woodie Flowers Award celebrates effective communication in the art and science of engineering and design. Dr. William Murphy founded this prestigious award in 1996 to recognize mentors who lead, inspire, and empower using excellent communication skills.

FIRST will recognize one adult team member at each of the forty-one (41) Regional Competitions as a Woodie Flowers Finalist Award (WFFA) winner. These finalists will be combined with past years' WFFA winners, and one will be judged to receive the Woodie Flowers Award at the 2008 Championship in Atlanta.

5.30.1 Award is Students' Choice

High school students on a *FIRST* Robotics team will choose one adult team member as their WFFA candidate. They will describe how this mentor has given them the best understanding of the challenges, opportunities, and satisfaction involved in the discipline of engineering and design. Professor Flowers will lead the past Championship Woodie Flowers Award (WFA) winners as they judge and select the 2008 Finalists and Championship winner based on student essays.

Team mentors should direct their students to the entry site and let the student nominators decide who to nominate. Adults can help edit, but this must be a student-led effort, since any team mentor is eligible. Authors must be clearly identified as high school students in the submission paperwork.

5.30.2 Spirit of the Award

Two aspects of this award are important. The accomplishments in communication by the mentor are essential. Also important is the student's ability to communicate clearly and concisely through their written nomination. This award recognizes an individual who has done an outstanding job of motivation through communication while also challenging the student body to be clear and succinct in recognizing the value of communication.

In the spirit of recognizing additional deserving mentors, past WFFA winners are not eligible to win the Regional award again. These previously recognized mentors are only eligible to win the Championship WFA.

5.30.3 Judging Criteria

Each FRC team may nominate one candidate to be a WFFA winner. This candidate must be an adult mentor on the same team as the student nominator(s). Students may also re-nominate one

of their team's past WFFA winners by submitting a new essay for this past Finalist to be eligible for the Championship WFA. Judging criteria is based on the team's description of how the mentor inspired each member of the team in some or all of the following ways:

- Level of student participation
- Creativity of effort
- Clear explanation of mathematical, scientific, and engineering concepts
- Demonstration of enthusiasm for science and engineering
- Encouragement to work on projects as a team effort
- Inspiration to use problem-solving skills
- Inspiration to become an effective communicator

Each *FIRST* team completes a product development cycle as it designs a concept, develops a prototype, and builds and debugs a unique machine. This requires teamwork, attention to detail, scheduling, and hard work. The award-winning essay should answer this question; "How did the candidate inspire your team throughout this process?" If the essay best describes how this individual excels above all others as he or she inspires the team, then that mentor truly deserves to be recognized with the award that honors Professor Woodie Flowers and his contribution to engineering, education, and communication.

5.30.4 Entry Requirements

Students enter their candidate at the Woodie Flowers Award entry web page:

www.firstawards.org/ They enter team and candidate information, reference information, and a six hundred-word (600) essay, written in English. Teams may also add up to six (6) pictures, totaling no more than 1.0 Mb. of memory. This essay should be a team effort and will stand alone as the team's entry to award their candidate the deserved recognition.

For students to re-nominate a past WFFA winner (one per team) for the WFA, they must write a new six hundred word essay.

As in the past, teams may only submit at one Regional competition for judging. Teams submitting for both the Chairman's Award and the Woodie Flowers Award should note that both awards are judged at the same event. Students working on the Woodie Flowers Award submission and those team members working on the Chairman's Award submission must coordinate to select the best event for the team.

5.30.5 Submission Deadline

The Woodie Flowers Award entries are **due on Thursday, February 21st at 11:59 p.m. EST.**

5.30.6 Entry Process

The Woodie Flowers Award submission is submitted on-line at www.firstawards.org/. Nomination entry directions are listed on this site. This site will be available beginning January 16th, 2008 at noon EST.

Student nominators must follow the directions listed on the screen. Each team can only submit one WFFA candidate for this award. Teams can also enter an essay for one of their team's past WFFA winners (if applicable) in order to make them eligible for the Championship WFA. As the student nominator fills out the required information, he/she will choose their selected regional.

Student nominators can easily enter information, save it, and return to the site to edit their entry information until they are ready to submit it for judging. All entries will be final on Thursday,

February 21nd at 11:59 p.m. EST (midnight). No entries will be accepted or altered after this date.

5.30.7 Prior Regional Woodie Flowers Award Winners

A team may refresh the submission of any past WFFA winner on their team for their eligibility to win the Championship WFA. Only one past year WFFA winner per team can be eligible for the Championship WFA. Student nominators will not be able to edit the original submission but can refresh it by adding a new 600-word (maximum) essay to make the submission current. Past winners without a new essay will not be eligible for the WFA in 2008.

Judges will read only the new essay.

Students nominators who entered an essay for a past year WFFA winner and for a 2008 WFFA winner will be asked to pick between one of the two mentors to be their team's Championship WFA candidate. Each *FIRST* team can have a maximum of one candidate for the Championship WFA.

5.31 FIRSTAWARDS.ORG SITE

FIRST will once again be using www.firstawards.org/ as a submission site for the Regional Chairman's Award, Hall of Fame, the Woodie Flowers Award and the Website Award. The *FIRSTawards.org* site will open for submissions at noon EST on January 15, 2008 and close for all submissions on Thursday, February 21, 2008 at 11:59PM EST. The submission requirements for each award are listed in the section for the specific award.

Teams should carefully read the following information about this site before proceeding.

5.31.1 Formatting

Entries cannot contain any formatting only plain text. The only formatting supported is paragraph spacing by way of the 'return' key.

5.31.2 Accounts

Teams must register for a new *firstawards.org* account every year. A team's TIMS account and their *firstawards.org* account are not the same. Teams can only have one *firstawards.org* account. There are not separate logins for Chairman's and WFA entries.

5.31.3 Verification of Submission

Teams should always log in to the *firstawards.org* site to verify the content and the submission date of their entry after it has been submitted. For Chairman's, Hall of Fame, Rookie All Star and Woodie Flowers Award entries, teams should print a copy of the submission and bring it with them to the Regional Event. NASA Grant teams should download a copy to have should NASA request it. NASA does have access to this site, but in prior years some entries have not been completed successfully or the team did not check the NASA box and were required to supply a copy to NASA.
